

# Jack's Diving Locker Keiki Sea Camp

This week-long day camp is for kids (keiki) who are ready to have fun and adventure in Hawaii's ocean environment. Campers will learn about Hawaii's amazing marine animals such as dolphins, whales, sharks, reef fish, sea turtles and coral with hands-on activities along with arts & crafts. In the Jack's Diving Locker pool, students will learn snorkeling skills with the PADI Discover Snorkeling program and try a surface only scuba-like system called SASY. Campers will also take shore excursions where they will have fun at the beach, explore tide pools, and do some shallow water snorkeling. Students participate in the AWARE Kids program from Project AWARE Foundation by doing a beach clean up and much more.
