

Specialty Camp Digital Underwater Photographer

Take only pictures, leave only bubbles. Taking underwater photos is a blast! Take shots of friends or fish as you learn the secrets to good composition, proper exposure, and correct lighting. After the dives, download your photos and send to friends and family. Camp includes academics, skill dives, and 5 open water dives - 3 from the shore and 2 from the boat! This specialty counts toward the Jr. Master Scuba Diver rating, the highest rating in non-professional recreational scuba diving.
